REQUEST FOR PROPOSALS/INVITATION TO BID

The Village of Ahmeek, Michigan is soliciting bids for connecting two water lines.

Through this Invitation to Bid, the Village seeks qualified contractors to install approximately of 400 feet of 8" ductile iron pipe between two fire hydrants; one on Daniell Street near Bollman Street and one on an unimproved portion of Duncan Street. Portions of this line extension will require crossing an active roadway and navigating sloped woodlands. No valves are being requested, unless it is determined by the bidder to be advantageous, (with an explanation).

Following water line installation and backfill, the disturbed area will be covered with topsoil, (if necessary), seeded and covered with straw to ensure an appearance just as good, if not better, than prior to the work being started. Any forms of concrete that are disturbed in the process shall be replaced or repaired to the original condition. The roadway shall be repaired as well. Any other work deemed appropriate for site restoration shall be included with the bid. Bids shall include traffic control and appropriate signage. The opportunity exists for a detour to be established on Daniell Street and Vivian Street to allow for uninterrupted access from the Village of Ahmeek to Five Mile Point Road.

Work is expected to begin in July or August 2026 and be substantially complete by September 2026.

The Village of Ahmeek reserves the right to waive any informalities, or to reject any or all bids and to award the contract to the lowest, responsive, and responsible bidder. All bidders shall submit, upon request, a list of projects "successfully completed" in the last two years, having the same scope of work and approximate construction cost as specified in this project. All bidders must comply with requirements of Michigan law, regarding licensing and be certified for the type of work on which the proposal is submitted. Bidders must also be properly insured.

Proposals shall be submitted via email to AhmeekVillage@gmail.com, no later than 5:00 p.m. on July 15th, 2026. Proposals will be reviewed by the Village Council no later than August 5th, 2026. All contractors who submitted proposals will be notified of the award status no later than three days following proposal review.

Any questions regarding this solicitation may be directed to AhmeekVillage@gmail.com
